# LAUNDERING & FITTING

## Care Instructions

- Wash in warm water
- Tumble dry low, permanent press. Use small wash loads
- Wash FR clothing inside out, separate from everyday clothing
- Remove from dryer damp or line dry to minimize shrinkage
- Liquid Tide/ Liquid Tide HE are preferred laundry detergents
- Dry cleaning recommended for difficult to remove stains

## Do Not Use:

- Liquid chlorine bleach
- Fabric softener
- Detergent with fabric softener
- Oversized wash loads

## Remove Garment From Service If:

- Garment is soiled with flammable substance that cannot be completely removed through laundering
- Garment is worn out or has visible thread bare areas or frayed edges
- If minor repair is needed, request an FR repair kit

### Knit Shirts

Knit shirts, like henleys, t-shirts, and polo shirts, have a tendency to shrink more than our woven garments. Knit products in the catalog with part numbers that begin with "M" or "F" shrink approximately 3.5" to 4", most taking place within the first five washings. Knit products beginning with "U" shrink between 4" to 5" in length and width; the majority of the shrinkage takes place within the first five washings; however, the "U" knit products will continue to shrink throughout the life of the garment. Note that our shirts are longer than most – so that shirts remain tucked in, even while working. Wash only one item before laundering all to determine actual fit.

### Woven Shirts

Woven shirts, or button-down dress and work shirts, are not likely to shrink much when laundered. When placing an order for a button down shirt, shrinkage should not affect sizing. Order these garments in your usual size.

### Jeans & Pants

After consistent wear and laundering, certain jeans and pants may shrink in length by up to 1 inch after 25 washings, and will shrink 2" in length during the first 50 washings. Please keep this in mind when ordering. Check the description to get the fit you want. Relaxed or Straight Leg.

### Coveralls

Coveralls are designed to be worn over clothing. You may order your usual size, but if you are unsure about the fit, order this garment a size larger than usual.
