## Men's Pants

The waist fits “true to size” across the natural waistline. Due to the nature of flame resistant fabrics, these pants will shrink approximately 1” in length during the first 25 washings, and will shrink a total of 2” in length during the first 50 washings. Please order your pants with sufficient length to account for this progressive shrinkage.

**Note:** Regular height is 5’ 8” - 6”; Tall is 6’ 2” - 6’ 4”.  
**Long** measures 2” longer overall and 2” longer in the sleeves.

## New Women's Style!

You spoke - and we listened! Tyndale has worked to improved the design and fit of our garments to closely mirror retail sizing.

For best results, wash in warm water and dry on low temperature or hang dry to minimize shrinkage.
